

Job Profile

Title: Simucase Student Ambassador

Overview: A Student Ambassador's primary function is to help undergraduate and graduate students studying speech-language pathology, audiology, occupational therapy, and/or physical therapy, respectively, learn how Simucase can improve their clinical-decision making skills. An ambassador delivers superior customer service at all times. They are the front-line representatives of our innovative technology and are committed to excellence. The success of Simucase depends on the strong foundation built by our Student Ambassadors.

Responsibilities:

- Providing feedback for new simulations and testing new features of the program
- Promoting Simucase appropriately on social media
- Participating in focus groups as needed
- Assisting students at your university with the Simucase platform

Reports To: Managing Editor of respective profession

For Application Inquiries: Contact Joy Veron (joy.veron@simucase.com)

Compensation:

- Complimentary Simucase membership during the semester(s) while participating in the ambassador program (\$99 value)
- Membership in the Simucase mentorship program

Effective Date:

Initial term is for one (1) semester following the effective date. Contract may be terminated at any time prior to the end of the semester if performance expectations are not met.
